EXPLANATORY FOREWORD

1. Introduction

This document contains the Partnership for Urban South Hampshire's (PUSH) Statement of Accounts for the year ended 31 March 2009. Whilst there have been informal partnership arrangements pre-dating this, the Joint Committee was not formally established until 1 April 2008 and so this is the first financial year for which such accounts are required.

The pattern of presentation of the statement is laid down by a code of practice, which the PUSH Joint Committee is legally required to follow. This foreword contains:

- a summary of the various statements which make up the 2008-09 accounts;
- a broad picture of where the money comes from and what it is spent on; and
- a summary of the revenue expenditure on services and capital expenditure over the course of the year.

2. Summary of Statement of Accounts

The accounts for 2008/09 are set out on pages 4 to 5 and 14 to 24. They consist of the following:

- Statement of Accounting Policies – sets out the policies adopted by the Joint Committee in preparing the Accounts. They are largely determined by the Code of Practice.
- Statement of Responsibilities for the Statement of Accounts – records the respective responsibilities of the Joint Committee and Treasurer.
- Income and Expenditure Account – reports the net cost for the year of all the functions for which the Joint Committee is responsible and how they have been financed.
- Statement of Movement on General Fund Balance – discloses the adjustments necessary to determine the movement on the General Fund Balance and incorporates the Statement of Gains and Losses.
- Balance Sheet – this sets out the financial position on 31 March 2009.
- Cash flow statement - this summarises cash coming in or going out from transactions with others for revenue and capital purposes.

In addition an Annual Governance Statement, which reviews the effectiveness of the system of internal control, is included on pages 6 to 13.

3. Where the money comes from

The Joint Committee's income comes from central government through New Growth Point Funding, partner contributions, contributions from South East England Development Agency (SEEDA), and from other bodies for specific purposes. Interest is also earned on day to day balances. See Table 1 below for details.

6. Further information

Further information can be obtained about the accounts from the Treasurer to the Partnership for Urban South Hampshire Joint Committee at the County Treasurer's Department, Hampshire County Council, The Castle, Winchester, Hampshire, SO23 8UB, telephone (01962) 846931, or e-mail tom.niedrum@hants.gov.uk.

STATEMENT OF ACCOUNTING POLICIES

1. General principles

- 1.1 The accounts have been prepared in accordance with the Code of Practice on Local Authority Accounting in Great Britain: A Statement of Recommended Practice (SORP) 2007 and the Accounts and Audit Regulations 2003. Any significant non-compliance is explained in the following notes.

2. Debtors and creditors

- 2.1 Debtors and creditors have been accrued in accordance with the Code of Practice.

3. Reserves and provisions

- 3.1 Specific amounts are set aside as reserves for future policy purposes or to cover contingencies. Reserves are created by transferring amounts in the Statement of Movement on the General Fund Balance. Expenditure on items for which the reserves were originally created is shown as service expenditure in the Income and Expenditure Account and then transferred back into the General Fund Balance Statement so that there is no net charge against council tax for the expenditure. Variations to earmarked reserves are shown in the notes to the accounts.
- 3.2 Provisions represent legal liabilities when the amount or date of payment is uncertain. They are charged to the revenue account in the year they are recognised.
- 3.3 PUSH currently maintains no such reserves or provisions.

4. Fixed Assets

- 4.1 The Partnership for Urban South Hampshire is not a legal entity, and therefore cannot own any assets.

5. Specific Revenue Government Grants

- 5.1 Government grants for specific purposes are included in the accounts on the basis of the grant conditions that apply. These grants are shown against the relevant service in the Income and Expenditure Account.

6. Financial Instruments

- 6.1 In accordance with Financial Reporting Standard (FRS 26) long-term debtors, debtors, payments in advance and temporary lending are classified as loans and receivable financial instruments. Creditors, receipts in advance and temporary and long-term borrowing are classified as financial liabilities at amortised cost.
- 6.2 The Joint Committee has not granted any soft loans.

7. Corporate and Democratic Core Expenditure

- 7.1 Expenditure incurred on the corporate management team is deemed to be across all areas of PUSH activities, and has not been re-allocated, except where clearly identifiable to a specific area (see Note 1 of the Notes to the Accounts).

ANNUAL GOVERNANCE STATEMENT

1. SCOPE OF RESPONSIBILITY

The Partnership for South Hampshire (“PUSH”) is a Joint Committee comprising 11 local authorities (“the Councils”). The primary governance arrangements that apply directly to those members and officers of the Councils who are engaged in PUSH activities are those maintained by their own individual local authority (for example, Codes of Conduct). The relationship between the Councils in respect of PUSH is set out in the Joint Agreement (“the Agreement”) which has been approved by each of the Councils at a full council meeting. A copy of the Agreement is available at:

<http://www.push.gov.uk/pdf/Official%20Documents/PUSH%20Agreement.pdf>

Southampton City Council’s Solicitor to the Council (and their Monitoring Officer) has also been appointed as the Lead Advisor on legal and constitutional issues for PUSH, and also the statutory Monitoring Officer for PUSH. As such, the Southampton City Council governance arrangements take precedence, and form the basis of PUSH’s governance framework for the operation of the Joint Committee and its activities.

Hampshire County Council has been appointed as the lead authority for financial matters and the County Treasurer is the statutory Chief Financial Officer (“CFO”) for PUSH. As such, Hampshire County Council’s financial regulations take precedence, and form the basis of PUSH’s own financial protocols.

PUSH (“the Joint Committee”) is responsible for ensuring that its business is conducted in accordance with the law and proper standards, and that public money is safeguarded and properly accounted for, and used economically, efficiently and effectively. The Joint Committee also has a duty under the Local Government Act 1999 to make arrangements to secure continuous improvement in the way in which its functions are exercised, having regard to a combination of economy, efficiency and effectiveness. In discharging this overall responsibility, the Joint Committee is responsible for putting in place proper arrangements for the governance of its affairs, facilitating the effective exercise of its functions, and which includes arrangements for the management of risk.

In addition to the Agreement, the Joint Committee reviewed the governance arrangements at its meeting of 18 November 2008, including financial protocols (“the Protocols”) for PUSH, and these are available at:

<http://www.push.gov.uk/pdf/Official%20Documents/081118/pjc-181108-r01-sja.pdf>
<http://www.push.gov.uk/pdf/Official%20Documents/081118/pjc-081118-r01-sja-Appendix.pdf>

These Governance arrangements for PUSH have been reviewed in line with the commitment set out in the Business Plan. The report focuses on the key areas of the structure, the proposed appointments and terms of reference for the new Delivery Panels. Finally, there is an outstanding requirement to establish a set of financial protocols to govern the way PUSH budget and financial management and transactions take place. The proposals set out within the paper were considered to represent a progressive and proportionate response to the challenges posed by the need to re-focus PUSH away from policy development and on to delivery. It is important that any

Governance structures are consistent with the longstanding PUSH principles of subsidiarity, democratic leadership and accountability.

2. THE PURPOSE OF THE GOVERNANCE FRAMEWORK

The governance framework comprises the systems and processes, and culture and values, by which the Joint Committee is directed and controlled and its activities through which it accounts to, engages with and leads the community. It enables the Joint Committee to monitor the achievement of its strategic objectives and to consider whether those objectives have led to the delivery of appropriate, cost effective services.

The system of internal control is a significant part of that framework and is designed to manage risk to a reasonable level. It cannot eliminate all risk of failure to achieve policies, aims and objectives and can therefore only provide reasonable and not absolute assurance of effectiveness. The system of internal control is based on an ongoing process designed to identify and prioritise the risks to the achievement of the Joint Committee's policies, aims and objectives, to evaluate the likelihood of those risks being realised and the impact should they be realised, and to manage them efficiently, effectively and economically.

The governance framework has been in place for the Joint Committee for the year ended 31 March 2009 and up to the date of approval of the statement of accounts.

3. THE GOVERNANCE FRAMEWORK

The following describes the key elements of the systems and processes that comprise the Joint Committee's governance arrangements including arrangements for:

Identifying and communicating the Joint Committee's vision of its purpose and intended outcomes for citizens and service users:

The sub-regional strategy for South Hampshire sets out objectives for growing prosperity and improving the quality of life. Those objectives need to be translated into actions that will deliver change. PUSH's Business Plan sets out how the sub-regional strategy is to be delivered.

This first Plan covers the period 2008-11; but it is not set in stone. The evidence base to inform decisions is developing all the time, and the national and regional policy context is also evolving. We therefore expect to review the Plan at regular intervals, initially after six months, and update it as necessary. It is therefore a 'living document'. But it provides a firm basis for actions to be taken forward by PUSH and our partners.

The Plan is in two volumes. In the first, an introduction sets out PUSH's vision and the outcomes to be delivered. The following chapters deal with the main themes in PUSH's work programme: economic development; transport infrastructure; social infrastructure and sustainability; housing and local planning; and creating quality places. The end chapters look at PUSH's organisational development and governance. The second volume contains more detailed action plans, putting flesh on the priority actions identified in each chapter. It also sets out an indicative budget for activities.

The Business Plan is available at:

<http://www.push.gov.uk/pdf/Business%20Plan%20Final%20Vol%201.pdf>
<http://www.push.gov.uk/pdf/Business%20Plan%20Final%20Vol%202.pdf>

The South Hampshire Agreement is a Multi Area Agreement (“MAA”) for South Hampshire. It has been prepared by PUSH on behalf of, and with input from:

- the eleven local authorities that make up PUSH;
- Transport for South Hampshire (TfSH), which is the delivery agent for sub-regional transport plans, policies and programmes;
- partners in delivery of the PUSH Business Plan, including Job Centre Plus, Learning and Skills Council, Business Link and SEEDA.

The South Hampshire Agreement focuses on selected key elements of the PUSH Business Plan and will support the delivery of our ambitious programme by strengthening the bonds of collaboration between local partners, Government Departments and their agencies.

This agreement proposes a total of eight outcomes and eight enabling measures. With these in place, PUSH and its key partners – Job Centre Plus, Learning and Skills Council, Business Link, SEEDA and Transport for South Hampshire – will achieve more rapid and certain progress in delivering the PUSH Business Plan and sub-regional strategy. This in turn will support the achievement of objectives and targets in the Regional Economic Strategy and national Public Service Agreements, particularly relating to skills, employment, housing supply and regional economic performance. The South Hampshire Agreement is available at:

http://www.push.gov.uk/pdf/MAA_draft_v_7%201a_Submission_DraftI_020707.pdf

Reviewing the Joint Committee’s vision and its implications for the governance arrangements:

Southampton City Council has adopted a Code of Corporate Governance (“CCG”) which identifies in one core document how the Council ensures that it runs itself in a lawful, structured, ethical and professional manner. The CCG is administered by the Monitoring Officer and is updated periodically by the Council’s Standards and Governance Committee. As PUSH follows Southampton’s governance arrangements (its Constitution etc) subject to where Hampshire County Council’s financial regulations take precedence, and form the basis of PUSH’s own financial protocols (as Hampshire’s CFO is PUSH’s CFO), Southampton’s CCG reflects and represents PUSH’s governance arrangements. The full document is published on the City Council’s internet site at:

http://www.southampton.gov.uk/Images/Code%20of%20Corporate%20Governance%20-%20March%2008_tcm46-160197.pdf

Measuring the quality of services for users, for ensuring they are delivered in accordance with the Joint Committee’s objectives and for ensuring that they represent the best use of resources:

The Joint Committee set an initial budget allocation across the theme sub-groups (Delivery Panels) and covering the core PUSH organisational costs at its meeting of 12 June 2008, and a detailed capital programme at its meeting of 16 September 2008. Monitoring reports are considered on a quarterly basis. These reports are available at:

<http://www.push.gov.uk/pdf/Official%20Documents/080612/Reports%20-%20Public/pjc-080612-r03-jpi.pdf>
<http://www.push.gov.uk/pdf/Official%20Documents/080916/Reports%20-%20Public/pjc-080916-r12-jpi.pdf>
<http://www.push.gov.uk/pdf/Official%20Documents/090519/pjc-090519-r04-sja.pdf>

The Joint Committee has adopted a Performance Framework which sets out PUSH's overall approach to secure on-going improvements across a wide range of services that are provided to local residents and businesses. The framework sets out targets and improvement initiatives for the Joint Committee and is available at:

<http://www.push.gov.uk/pdf/Official%20Documents/090519/pjc-090519-r03-sja.pdf>

Defining and documenting the roles and responsibilities of the executive, scrutiny and officer functions, with clear delegation arrangements and protocols for effective communication:

The Joint Committee has a Joint Agreement, Governance Framework and Financial Protocols setting out how it operates, how decisions are made and the procedures followed to ensure that these are efficient, transparent and accountable to local people. Some of these processes are required by the law, while others are a matter for the Joint Committee to choose.

The Governance Framework and Financial Protocols set out the detailed rules governing the Joint Committee's business including details of the scheme of delegation that provide for delegation to senior officers (Lead Chief Executives and the Managing Director).

Developing, communicating and embedding codes of conduct, defining the standards of behaviour for members and staff:

Members and officers acting on behalf of PUSH are required to follow their individual authority 'Members' Code of Conduct' or 'Officer Code of Conduct' as appropriate.

The Members' Code covers areas of individual behaviour such as Members not abusing their position or not misusing their authority's resources. In addition there are rules governing disclosure of private interests and withdrawal from meetings where Members have relevant interests. Members are also required to record on the public register their financial and other interests.

Reviewing and updating standing orders, standing financial instructions, a scheme of delegation and supporting procedure notes/manuals, which clearly define how decisions are taken and the processes and controls required to manage risks:

The Joint Agreement sets out how the Joint Committee operates, how decisions are made and the procedures which are followed to ensure that these are efficient,

transparent and accountable to local people. This includes information on how the Joint Committee operates, how decisions are made and the role of overview and scrutiny.

Periodically, as appropriate, the Monitoring Officer, together with the Managing Director and Treasurer, conducts a review of the Joint Committee's governance arrangements, which are considered by the Joint Committee from time to time.

All reports submitted to the Joint Committee for a decision must receive legal and financial clearance prior to publication in accordance with the published procedures.

Undertaking the core functions of an audit committee, as identified in CIPFA's Audit Committees – Practical Guidance for Local Authorities:

It is not practical for PUSH to have a formally constituted Audit Committee whose role would be to provide independent assurance to the Joint Committee or Overview and Scrutiny Committee on the adequacy of the risk management framework and the internal control and reporting environment, including (but not limited to) the reliability of the financial reporting process and the annual governance statement.

The Joint Committee therefore acts in this capacity directly to receive the accounts, annual governance statement and the reports of the appointed auditor.

Ensuring compliance with relevant laws and regulations, internal policies and procedures, and that expenditure is lawful

It is the role of the Monitoring Officer and the Treasurer to ensure compliance with relevant laws and regulations and that expenditure is lawful. This is achieved through the governance framework including the Joint Agreement itself and the Financial Protocols.

Whistle-blowing and receiving and investigating complaints from the Public

Any complaints received by the Joint Committee in respect of unlawful conduct, illegality, financial malpractice or dangers to the public, employees or the environment would be dealt with by the Monitoring Officer, in line with Southampton City Council's procedures.

Identifying the development needs of members and senior officers in relation to their strategic roles, supported by appropriate training:

The Councils individually have their own programmes for member and senior officer learning and development to cover general development needs. From time to time, PUSH organises member and senior officer workshops to address emerging development needs specific to the Joint Committee.

Establishing clear channels of communication with all sections of the community and other stakeholders, ensuring accountability and encouraging open consultation:

PUSH has established a Communications Strategy. In addition, the Joint Committee is able to draw on the existing communication channels of the Councils. The strategy is available at:

<http://www.push.gov.uk/pdf/Official%20Documents/090115/pjc-090115-r04-sja-mmcc.pdf>

4. REVIEW OF EFFECTIVENESS

The Joint Committee has a responsibility for conducting, at least annually, a review of the effectiveness of its governance framework including the system of internal control. The review of effectiveness is informed by the work of the Managing Director, Monitoring Officer and Treasurer.

The review process, applied in respect of maintaining and reviewing the effectiveness of the system of internal control, is informed by:

- the work of Members/Officers within the Joint Committee;
- audit and other periodic reports from the Internal Auditor;
- reports received from service review agencies or inspectorates where appropriate, and
- the external auditors in their annual audit letter.

The Joint Committee

The Joint Agreement forms the cornerstone of effective corporate governance, supported by the Governance Framework and the Financial Protocols. It has been approved by the full Council meetings of each of the partner local authorities.

The Overview and Scrutiny Committee

The Joint Agreement establishes a Joint Overview and Scrutiny Committee with the following terms of reference:

- To scrutinise and call in Joint Committee decisions.
- To scrutinise in particular the PUSH Business Plan and its delivery.
- In respect of any call in:
 - To review decisions made in accordance with the approved business plan and where they consider it appropriate, refer such decisions back to Joint Committee with comments for reconsideration;
 - To review decisions not made in accordance with the approved business plan where they may either refer such decisions back to Joint Committee with comments for reconsideration or refer the decision back to individual authorities.

The Joint Committee acting as an audit committee

The Joint Committee receives reports to meet certain statutory obligations, such as approving the Annual Governance Statement, the Statement of Accounts and the receiving the annual external auditor's report.

The Delivery Panels

The Governance Framework has established 5 Delivery Panels based on service delivery themes, with each Panel being responsible for overseeing and driving the implementation of the relevant area of the Business Plan. The panels are:

- Economic Development
- Housing and Planning
- Sustainability and Community Infrastructure
- Creating Quality Places
- External Funding and Resources

Transport for South Hampshire, as a separate Joint Committee leads on the implementation of transport infrastructure theme, and has separate governance arrangements.

The Programme Board / Working Group

The Joint Agreement established the Working Group as an informal body without statutory powers or authority save as directly delegated to individual officers by their authority or the Joint Committee. Its terms of reference included:

- Providing advice and guidance to the Joint Committee.
- Monitoring and reviewing the budget, governance, financial compliance matters and issues.
- Monitoring the action plan and delivery.
- As delegated by the Joint Committee, to be responsible for operational decision making and the day-to-day management of projects and activities carried out in the name of or on behalf of PUSH.
- Performance management of dedicated officer support.
- Developing proposals for the long-term governance and delivery of PUSH's key objectives for consideration by the Joint Committee.

Following a review of the governance arrangements, the Joint Committee established a revised framework establishing the Programme Board as the successor to the Working Group. The Board's remit being revised to focus on its performance review role across the themes and in particular on the MAA; with a remit to complement the Core Team and support the Joint Committee in this regard.

Internal audit

The Joint Committee does not operate an Internal Audit function. However, Hampshire County Council's internal audit function does undertake an assurance role that provides an independent and objective opinion to the Treasurer and to the external auditor to ensure that the financial systems and controls are in place. The audit plan for PUSH is agreed with the Treasurer, Managing Director and external auditor, and is incorporated within Hampshire County Council's Environment Department's cyclical audit plan.

The Internal Audit Section is subject to regular review by the Joint Committee's external auditors who seek to place reliance on the work carried out by the section.

Other explicit review/assurance mechanisms.

The Annual Governance Statement is reviewed each year. This statement, insofar as it is applicable to a Joint Committee, follows the guidance set out within the CIPFA/SOLACE framework: "Delivering Good Governance in Local Government" published in June 2007.

5. SIGNIFICANT GOVERNANCE ISSUES

No significant governance issues have been identified. However, following the first year of operation, the Financial Protocols are being reviewed to improve them further, and a revised set of protocols will be brought to the Joint Committee for approval during 2009/10.

We propose over the coming year to take steps to address the above matter to further enhance our governance arrangements. We are satisfied that these steps will address the need for improvements that were identified in our review of effectiveness and will monitor their implementation and operation as part of our next annual review.
