### Notes

- 1. In relation to paragraph (i) above, the term “significant” shall be construed as meaning approximately £100,000 where applicable.*
- 2. In considering whether a decision is likely to be significant (paragraph ii), a decision maker will also need to consider the strategic nature of the decision and whether the outcome will have an impact, for better or worse, on the amenity of the community or quality of service provided to a significant number of people living or working in the locality affected. Regard should again be given to the underlying principles of open, transparent and accountable decision-making to ensure that there is a presumption towards openness.*

A \*\* in column 4 indicates that the matter to be discussed may involve exempt or confidential information. In such circumstances, reports will not be publicly available and the public is likely to be excluded from the meeting when the matter is discussed.
