Portsmouth City Council Greenprint Pilot

Kristina Downey (Portsmouth City Council)
Karolina Zarzyczny (Greenprint Secondee from Univ. of Southampton.

GREENPRINT

The objective of
the Greenprint
framework is
to enhance
collaboration
across and
within sectors to
achieve green
growth together.

5 Priorities	10 Outcomes	ACTIONS

5 Priorities	10 Outcomes	ACTIONS
Net Zero with Nature	Net Zero Auditing	Long List of Actions
	Decarbonised Energy and Transport	
World Class Blue/Green Environments	Land Restoration and Protection	
	Water Restoration and Protection	
Natural Health Service	Access to Nature	
	Sustainable Healthcare	
Quality in Design and Build	Zero Carbon Build and Retrofit	
	Design, Build and Nature	
Green Skills and Jobs	Greening the Curriculum	
	Light to Dark Green Jobs

GREENPRINT

The Greenprint Framework:
Action Selection

**Our framework
for a green recovery**

About your organisation

Name of organisation: ▢   **Date completed:** ▢

Type of organisation: ▢ Local Authority ▢ Education ▢ Private Business ▢ NGO ▢ National Park
(please tick)   ▢ Other: ▢

Once completed, please return the whole form to the Greenprint representative liaising with you.

The objective of the Greenprint framework is to enhance collaboration across and within sectors to achieve green growth together.

Priority: Net Zero with Nature

Please refer to the **Net Zero with Nature Consultation Summary 2022** for outcome definitions and suggested actions. Please choose **at least one action per outcome.**

Outcome 1: Net Zero Auditing	
Action(s) selected:	▢
Action(s) already in place:	▢
Any comments	▢
Outcome 2: Decarbonising Energy and Transport	
Action(s) selected:	▢
Action(s) already in place:	▢
Any comments	▢

GREENPRINT

GREENPRINT

Agreed Actions

Priority: Net Zero with Nature

Outcome 1: Net Zero Auditing	
Action(s) already in place:	• Develop an ambitious Net Zero plan which includes elements of nature. • Offset responsibly whilst working towards Net Zero. • Join a regional working group for Net Zero with Nature. • Where possible, substitute petrol powered tools to electric powered ones.
Action(s) selected:	• Provide environmental training to staff across all departments- **we can develop training for staff and Councillors** • Climate emergency declarations need to be underpinned by metrics and targets- **we have an all scopes net zero target of 2030 but we'll aim to add other related targets to supplement this.**
Comments:	• Currently no funding to develop training

GREENPRINT

Agreed Actions

Priority: Net Zero with Nature

Outcome 2: Decarbonising Energy and Transport	
Action(s) already in place:	• A Local Transport Plan 4 (LTP4) was adopted in October 2021, and actions will be carried out/considered which would support cycling and walking.
Action(s) selected:	• Focus planning for transport and development around low carbon public transport, cycling and walking.
Comments:	• There is currently no additional funding to assist this work, consultations or surveys around travel behaviour

GREENPRINT

Feedback from Pilot

Current Feedback

−
- Some actions are only possible with further funding (though good to identify)
- Sometimes difficult to find the time for workshops

+
- 'Reason' to bring related topic leads together
- Structure to discuss topics
