INTRODUCTION

1. This report provides an update on the position against the approved budget for 2023/24.
2. The report also sets out the proposed revenue budget allocations for 2024/25 in line with the budget arrangements approved by the Joint Committee as part of the partnership's Business Plan.

REVENUE BUDGET

3. Table 1 below, sets out the final revenue budget for 2023/24 as approved by the Joint Committee in July 2023.
4. The table also shows spend in the current financial year to the end of February 2024, and the forecast outturn for the year.

Table 1: Revenue Allocations

5. The **Culture, Creative Industries and the Built Environment Delivery Panel** budget is for a £15,000 contribution to Creative Network South.
6. The **Solent Waders and Brent Goose Strategy** budget is an annual contribution towards the cost of a post to facilitate the delivery the strategy, as agreed by the Joint Committee in February 2022.
7. The **Summer Bird Study** budget covers the potential cost of a review of summer breeding birds to see if the scope of Bird Aware activity should expand to also cover summer breeding birds. This was added to the 2023/24 budget as part of the July Joint Committee report to be funded from unallocated balances.
8. The **Core Projects & Central Costs** budget covers the costs of meetings, the programme office, along with legal and financial support.

9. **Unallocated Balances** are forecast to be £153,000 at the end of 2023/24. It was previously agreed by the Joint Committee that an unallocated budget would be maintained to enable the partnership to have resources available to react to potential future opportunities as they arise.

2024/25 BUDGET

10. Proposals for the 2024/25 budget are set out below for approval. The proposed budget is based on the Funding and Subscription arrangements approved by the Joint Committee as part of the PfSH Business Plan. Under the budget arrangements in the plan all existing PfSH members are to contribute to maintain the Panel budgets and core central costs covering meetings, the programme office, along with legal and financial advice. Specific project work is then funded by those local authorities participating within any work undertaken.
11. The Core projects and central costs budget has reduced slightly overall to £102,400. This includes an inflationary increase but is offset by a slight reduction following a review of actual charges based on activity levels.
12. A budget is proposed for the Culture, Creative Industries and the Built Environment Delivery Panel of £15,000 for a contribution to Creative Network South.
13. In addition to this, a budget of £14,000 is proposed to cover the annual contribution towards the cost of the Solent Waders and Brent Goose Strategy for the region.

15. It is proposed that the revenue contributions for 2024/25 fund the total Core Project and Panel budgets. Partnership contributions are proportioned based on the percentage of population within each authority area. Consideration is also giving to the population of the relevant areas for the authorities that are partly included within the PfSH boundary. For 2024/25 the population data used is the same as 2023/24 and is based on the 2021 Census and MYE data for part in authorities.
